# Protection you need when you're in transition

## Between jobs

- Security while you're job hunting
- Often lower than the cost of COBRA\*

## Waiting for employer benefits

- Fills the waiting-period gap
- Set your own start and end dates

## Temporary, contract, seasonal employees

- Flexible temporary coverage options
- More plan design choices give you pricing flexibility

## Newly independent

- When student plans or parent's coverage are no longer options
- Deductible and coinsurance options keep plans affordable

\*Short Term Medical insurance is often a lower-cost alternative to COBRA. However, if you purchase Short Term Medical rather than maintaining COBRA coverage, you may give up your rights to coverage for pre-existing conditions or guaranteed health insurance in the future.

## More solutions to suit your needs

### • Ideal companions – STM and HSA

Many Assurant Health Short Term Medical plans with deductibles of \$2,500 and up are compatible with Health Savings Accounts, so you don't have to wait for an individual medical or group plan to build health expense savings the smart way. HSAs are completely portable – an HSA goes with you when you move to any qualified health plan.

### • Protection longer than six months

When your needs are longer than 180 days, Assurant Health has you covered. We have a portfolio of individual health plans with broad coverage options. Plans are designed with features that can help you save on your overall health care costs and on your premium. That makes it easier to find a plan with benefits that mean the most to you at a price you can afford.
